"We all know that Manila Bay and San Juan Hill are a part of America's heritage, as are Gettysburg and Lexington and Iwo Jima," Burgess Wilbur L. Plank said this morning as he welcomed Spanish-American War Veterans in convention here.

Noting the appropriateness of the meeting "at this national shrine" shortly before Flag Day, Plank recalled the history of the "period of dishestering of uncertainty," the times that try men's souls," in the famous words of Thomas Paine . . . the second year of the Revolution."

The meaning of the flag, Plank continued, is "the story of the resourceful men and women, devout and resolute, who pioneered a great nation in the wilderness . . . of the founding fathers who established a representative government . . . and preserved it . . . of Revolutionary heroes, of all the American heroes who down through the years have defended our American heritage—here at Gettysburg, at El Caney, in the Argonne, on the beaches of Normandy and on a hundred other fields of honor all around the globe."

**A World Power**

To the Spanish-American veterans "of the war that proclaimed the U. S. a world power" Plank said, "For 61 years you have been a strong force for the preservation and strengthening of the America that we know and love."

"Your influence is not limited to your own ranks. And in time and place it goes far beyond your formal meetings."

The department auxiliary presented a check to Burgess Plank for \$25 to be presented to the Community Chest.

The session this morning in the Moose home was a joint meeting of the United Spanish War Veterans, Department of Pennsylvania, Commander John W. Alloway, Philadelphia, was in charge.

**Memorial Service**

## ONE HUNDRED YEARS AGO

Complimentary: The Commissioners of Clarion county visited this place a few days since with a view to a thorough inspection of our new Court-house — they intending soon to erect one in that county, the old one having recently been destroyed by fire. They expressed themselves highly pleased with the plan and construction of this building — declaring it to be the most desirable among the many they had visited — and at once resolved to erect it as a model by which to erect their own. This is a high compliment to our new Court-house, but no more than it deserves.

The American Brass Band of Gettysburg paid a visit, by invitation, to Hanover, on Tuesday last, and had quite an interesting time of it, and returned highly delighted with their reception. In the first place, they had a free pass over the Railroad. When they arrived at Hanover, they were met by the Independent Brass Band of that place and escorted into town. Both bands played at intervals. They were invited to a first ride in the beautiful new Chariot, drawn by six horses; were treated to an elegant dinner and supper at the expense of the hospitable Hanover band; and received every attention which could be given them. Most excellent feeling prevailed, and we trust these pleasant interchanges of civilities will draw the citizens of the two places more closely together. We have heard it intimated that the American Brass Band of this place are about building a handsome Chariot, and look forward to the Ladies to help them in paying for it, as the Hanover ladies did for theirs last week, whose Fair realized for them nearly \$300.

Handsomeness Testimonial: The Ladies of the Presbyterian church of this place have just made a very handsome gift to their pastor, Rev. G. P. Van Wyck. It is an elegant Silver Pitcher and Goblet — both beautifully chased, and of very neat style — manufactured in Philadelphia — their price \$78. On the Pitcher is the following inscription: "In testimony of the Zeal and Fidelity of our Pastor, to Rev. George P. Van Wyck, from his friends, Gettysburg Pa. May 20th, 1859." The presentation took place on Monday last and was highly interesting. The Ladies who presented it were two venerated Mothers in the church, both over fourscore years, Mrs. Ann McCurdy and Mrs. Priscilla Cobean who thus showed their strong and abiding confidence in their Pastor. The few remarks made were affecting, and were feelingly responded to by the Pastor.

## SEVENTY-FIVE YEARS AGO

New Church: The members of the A.M.E. Zion church, of this place, are arranging to build a new church on South Washington street and expect to lay the corner stone on the 27th inst. Rev. Johnson, the pastor in charge, extends a cordial invitation to the ministers and congregations of other churches and the public generally, to be present.

Rev. Joel Swartz, D. D., pastor of the St. James Lutheran church of this place, is attaining a favorable reputation as a poet. He has published several small volumes and his poetical productions have met a favorable reception from Harper's Weekly, N. York Independent and other standard publications.

Fairfield Items: The School Board, together with the township auditors, met on Tuesday, and made their annual settlement, showing a balance in hands of treasurer of \$728.27 after which the board was reorganized and elected the following officers: President, D. C. Shulley; Sec., D. R. Musselman; Treas., John P. Paxton; Collector, J. W. Kitting.

Mr. Michael Kugler has had his house painted during the last week.

## THAT FINISHED EDUCATION

When I ended my college education there were many who spoke of it as a "finished" education. I soon learned that it was nothing of the sort. I quickly looked upon my ending college as just a step to the beginning of my education — and now, with a goodly number of years lived, every day for me is another lesson in the education that never ends.

We earn, but unconsciously, perhaps, that every person we meet, or even read about, can become a part of us in the education that keeps increasing as we seek to live better and more profitably. Our big success is not what we earn in dollars, but what we live in friends, and useful ideas.

Each day's book should be for us something new and interesting. Learning about people and their ways of life is a fascinating process, one that can enrich any one of us to a marked degree. Another fact: We are not "self-made." We are other made. In endless ways other people educate us, and without realizing the fact. Every intelligent person contributes something valuable to our life, and we should be keen to welcome that knowledge to be gained.

We ought always to welcome new ideas, or means by which we can become better known individually to ourselves, and better known by everyone we habitually meet from day to day. This is to educate us to a more practical result than I can suggest for myself, or friend. There is something notable about the humblest human being. It pays for us to do what we can to help others to live happily, and to help bear their problems or disappointments courageously. We are a family of human beings in this world, and should live as helpfully as possible.

## Just Folks

NO BUSINESS MAN  
I'm glad I'm not a business man,  
Although this may seem  
funny;I'm glad that I don't know a lot  
Of men who owe me money.  
I know I'd fail as sure as fate,  
It's certain I'd go busted;  
I'd never have the heart to go  
And dun the men I trusted.In commerce I could not succeed  
When things were going badly;  
I couldn't ask my friends to pay  
The cash I needed sadly.  
As far as I could go would be  
To send my statements to them,But if they didn't pay, I know  
I simply could not sue them.I'm glad I'm not a business man,  
Though poor I'll live and die;  
I never was cut out for trade  
And her's the reason why:  
I never would know what to say  
My make-up is so funny;  
I think I'd rather run away  
Than ask a man for money.

FATHER BOYLE  
SURPRISED ON  
ANNIVERSARY

The Rev. Fr. William A. Boyle, pastor of St. Aloysius Catholic Church in Littlestown, was guest of honor at a surprise observance of the 40th anniversary of his ordination to the priesthood held Sunday afternoon by his parishioners in the parish hall. John R. Rudisill Sr., was general chairman in charge of arrangements for the affair, which was attended by approximately 300 persons.

The celebration began with a cafeteria style luncheon at 2 p.m. prepared by members of the St. Aloysius Parish Council of Catholic Women. Grace before meals was said by the Rt. Rev. Msgr. Patrick F. McGee, pastor of Annunciation of the Blessed Virgin Mary Parish, McSherrystown. The Rev. Richard Hartnett, assistant to Msgr. McGee, was introduced by Chairman Rudisill and served as toastmaster for the occasion.

Appearing on the program were Miss Marie Budde, president of the Parish Council, who extended congratulations on behalf of the parish; Mrs. John L. Redding, vice president of the Parish Council, who presented Father Boyle with a purse on behalf of the parish; Thomas G. French, president of the Holy Name Society, who presented the pastor with a lounge chair, and Stewart N. Long, vice president of the Holy Name Society, who presented him with a spiritual bouquet from the parishioners. Larry Alfert and James Long, representing the twenty altar boys, who had special places on the stage during the program, also presented Father Boyle with a spiritual bouquet from the altar boys.

## Father Boyle Speaks

Clergy in attendance and presented to the group in addition to Msgr. McGee, who made brief congratulatory remarks were the Rt. Rev. Msgr. Charles E. Park, pastor of St. Joseph's Church, Hanover; the Rev. Joseph Braubitz, assistant to Msgr. Park, and the Rev. Francis Lahout, McSherrystown. Also presented were Mrs. Richard Kennedy, Philadelphia; Mrs. Thomas Churchill, Timonium, Md.; Mrs. Mary (Mame) Smith and Mrs. Erma (Grandma) Weaver, who take care of the church altars.

Stewart N. Long entertained with three vocal selections "Danny Boy," "When Irish Eyes Are Smiling" and "Ave Maria," with Miss Anna C. Weaver, church organist, as accompanist. Father Boyle spoke briefly, extending thanks to all those who assisted with the celebration and commenting on the surprise element. Solemn benediction of the Blessed Sacrament took place in the church following — the program, with Father Boyle as celebrant, Father Hartnett as deacon and Father Lahout as sub-deacon. Benediction concluded with "Holy God," the traditional hymn of praise.

## Ordained In 1919

Father Boyle was born on April 18, 1894, in Locust Gap. He attended St. Charles Seminary, Overbrook, and was ordained to the priesthood on June 8, 1919, by the late Dennis Cardinal Dougherty. His first assignment was at St. Joseph's in Lancaster. Father Boyle previously served St. Aloysius Parish from March 1925 to June 1926, as assistant to the late Rev. Edward J. O'Flynn, and he came to the parish as pastor on February 1, 1956.

A shine in honor of the Sacred Heart of Jesus was arranged on the stage of the hall and the centerpiece of the guest table was a three-layer cake, the gift of Mr. and Mrs. Clement Reck and Madeline Reck, Trevorton, former parishioners of Father Boyle, who were present for the observance. The cake was a miniature altar, with a pair of silver rosary beads as decoration for the bottom layer, the numbers "40" in silver

## "SO HARD TO DO"

There are many things in this old world . . . that present us with a test . . . and many times we have to show . . . that we're made of the best . . . accomplishments come only to . . . the ones with will to work . . . there is no place for those of us . . . who always tend to shirk . . . it's hard to lose but sometimes it . . . is also rough to win . . . for fame and fortune well can be . . . the gateways into sin . . . to list even a portion of . . . things difficult to do . . . indeed would take a lifetime . . . for mortals to pursue . . . but I believe the hardest thing . . . is just to sit and wait . . . for then we fully realize . . . we are but slaves to fate.

Golfers Crush Hanover,  
League Champs, 93 1/2-50 1/2

In the opening South Penn District Golf Association match Sunday afternoon, the Gettysburg Country Club crushed Hanover, defending league champions, 93 1/2-50 1/2, on the local links. Gettysburg won the title in the inaugural year of 1957 but dropped into last place last year as Hanover won handily. Chambersburg and Waynesboro round out the league membership.

Charles Meckley, Hanover, won low medal honors with a three-over-par 73.

The low net score went to Paul Witt of the host club with a 68. Dr. James Sheppard, Gettysburg, and George Lawrence, Hanover, each recorded a 69.

TO CROWN NEW  
CHAMP FRIDAY

## By THE ASSOCIATED PRESS

A new champion will be crowned Friday night when the junior welterweight (140 pounds) division is revived with a 12-round match between Kenny Lane of Muskegon, Mich., and Carlos Ortiz, Puerto Rican-born New Yorker.

Madison Square Garden, scene of the last junior welter action in 1946 when Tippy Larkin defended against Willie Joyce, will be the site of the renewal.

Through the years from 1922 to 1946 when the 140-pound class was in business men like Tony Canzoneri, Barney Ross, Mushy Callahan and Pinky Mitchell ruled the division.

On the strength of his majority decision over Ortiz in a 10-round bout at Miami Beach, Fla. Dec. 31, Lane must be favored. The southpaw, who went 15 rounds while losing a close title fight to lightweight champion Joe Brown last year, closed strong against Ortiz as he did against Brown.

The bout will be carried on NBC radio and television.

Sugar Hart, highly rated Philadelphia welterweight, is paired with Isaac Logart, the Cuban who once fought for the title, in the Wednesday show at the Chicago Stadium.

Hart has been coming on strong since he was stopped by Virgil Akins in 1957. He is unbeaten in his last seven. In his only fight this year, Hart knocked out Willie Johnson in one round.

ABC-TV will cover the fight.

WINS HIS 9TH  
IN ROW SUNDAY

Casey Stengel might as well announce it today. Hoyt Wilhelm will be the starting pitcher for the American League in the All-Star game at Pittsburgh, July 7.

If old Case has any other ideas, he had better forget them. Wilhelm has everybody on his side, except the poor catcher who will have to dive for those darting knucklers.

Just to be on the safe side, the players and managers had better vote Gus Triandos to the team as the first-string catcher.

## Orioles Second Now

Wilhelm and Triandos teamed up on Kansas City Sunday to boost Baltimore into second place. The surprising Orioles are only one game behind the league-leading Chicago White Sox.

While Hoyt's knuckler was fluttering past the A's for a 3-0 seven-hit shutout, Triandos' 13th home run with Al Pilarcik on base was providing the insurance. It was Wilhelm's ninth straight victory without a defeat.

After the game, the statisticians went into a huddle and reported Wilhelm's earned run average, figured all the way down to a third of an inning, was a startling 0.999.

## Chicox Lead Shaved

Chicago's lead was shaved while they split two with Boston. After the White Sox staged one of their rare big innings — six runs in the second — in winning the opener 9-4, Boston grabbed the second 4-2 although Frank Sullivan needed help from Leo Kiely and Mike Fioresi in the ninth after eight shutout innings.

The largest American League crowd of the season, 59,823, gathered at Cleveland where the Indians divided a pair with the New York Yankees. Herb Score beat Don Larsen in the first game 7-5 but the Yankees hopped on Cal McLish for four runs in the second inning of the nightcap to get an even break 4-3.

Eddie Yost hammered two home runs against his former Washington mates in Detroit's 6-4 victory that pulled the Tigers up to the 500 mark. Charlie Maxwell also homered for the Tigers and Jim Lemon and Roy Sievers for the Senators.

Johnny Thomson Is

Fairfield  
Little League

The newly organized Fairfield Little League inaugurated its 1959 baseball season Saturday afternoon with a parade, pregame ceremonies and the first game in which the Pirates defeated the Giants 9-3.

George Inskip, supervising principal of Fairfield High School, gave a brief talk following the Little League parade through Fairfield to the Little League diamond at the high school. Inskip talked to the boys on good sportsmanship and asked each one to be sure and attend all the games because it takes the cooperation of all to make a successful team. He also urged the parents to support the Little Leaguers and reminded them that they must also lead the example by showing sportsmanship in the stands.

In the opening game of the campaign the Pirates scored five runs in the bottom of the second and added three more in the third enroute to victory.

Don Dick, Ralph Kuykendall and Jim Mohler paced the winners at the plate with

## PRESBYTERIAN MINISTER IS DISMISSED ON UNREST ISSUE

COLUMBUS, Ga. (AP)—A Presbyterian minister who wrote a national magazine article on racial harmony has been dismissed after several years of disunity and unrest among members of his congregation.

The Rev. Robert B. McNeill, pastor of the First Presbyterian church, was dismissed Sunday by a judicial commission of the South Georgia Presbytery.

The eight-man commission said the action was taken because "the interests of religion imperatively demand it."

The decision was read by the Rev. Frank C. King of Valdosta, chairman of the group, to a stunned and subdued congregation.

The announcement came without advance notice although the commission statement was dated June 2. McNeill said he was informed of the impending action Wednesday.

The 44-year-old gray-haired pastor said he was surprised by the action but had not decided whether to submit the matter to a higher court.

King said the dismissal was "in no sense a rebuke to Mr. McNeill. We are just trying to make progress and feel more can be accomplished this way."

He urged all church officers to continue in their posts and said "this concerns no one but Mr. McNeill."

The commission statement said

## Ex-Soldiers Flee Havana By Boat

KEY WEST, Fla. (AP)—Florida's Cuban refugee colony is larger today by five ex-soldiers and a sailor.

They told immigration authorities they chipped in \$700 to buy the 16-foot motor boat in which they cruised from Havana to Key West.

Miguel Viqueiro Garcia, 29, said he fled from Fidel Castro's navy because of political trouble and hid out 15 days before embarking.

McNeill would continue to receive his salary until Sept. 1 and could occupy the minister's residence until then.

Some Were "Burned"

McNeill said that several years ago the church organized a Negro congregation in Columbus. When they were unable to secure a Negro pastor the white church employed a retired white minister.

McNeill said this burned some members of the congregation.

Opposition to him came to a head after Look magazine published an article he wrote on May 28, 1957, in which he discussed ways of bringing racial harmony to the South through "a creative contact between leaders of both races."

Last June a commission was appointed by the presbytery to investigate reports of dissension among some of the 1,200 members of the church.

In November that commission dissolved the church's session, governing body of the church, after it reported findings of unrest and disharmony.

McNeill, a native of Birmingham, Ala., is married and the father of two children. He has been with the First Presbyterian church since November 1952.

## GUESSING ON SIZE OF STEEL STOCKPILE

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—In all the guessing about whether there'll be a steel strike this summer one question sticks out:

How long before the innocent bystanders would be hurt?

Just how much stock steel users have been able to pile up is debatable. Some observers think that almost all have enough to keep going for two or three months without further deliveries.

Others think that many companies, particularly the smaller ones, would have to close down after a few weeks.

Some To Suffer Quickly

Some industries serving the steel mills would be quickly affected. Example: railroads that carry coal and ore to the furnaces and tote steel products to users.

Another: Coal mines that supply steel mills (ore mines usually are involved directly in any steel strike).

Steel users have been busy for months building up stocks. Steel mills have been running at near capacity to supply the demand.

European steel firms have stepped up exports to this country and expect to profit handsomely if a strike is called and shortages develop. England recently cut steel prices a little, which could act as a come-on. And the St. Lawrence Seaway has carried a lot of foreign steel into mid-America.

Stocks Moving Fast

But many would-be builders of steel inventories have found that as a result of the pickup in busi-

## Sees Twin Sons Get Their Diplomas

AMHERST, Mass. (AP)—Widowed Sarah Plante of Fall River saw her twin sons graduate from colleges 70 miles apart Sunday because President Jean Paul Mather of the University of Massachusetts is understanding.

He held a one-man commencement for Dale Plante, landscape architecture major, at 10:30 a.m. Sunday, 5½ hours ahead of schedule. That permitted Mrs. Plante to hurry to Wesleyan University, Middletown, Conn., to see the other twin, Dana, receive his degree at 6 p.m.

ness activities they were using more of it than they had anticipated. So their stock piles aren't as high as planned.

Some small users of steel have found that, as the poorer customers, they have been put at the end of the list on steel mill order books and have built up little inventory. They could be in the fix after a strike, if one develops.

To start up again, small users might have to wait longer for deliveries.

Little Fellows First

To find out just what the situation might be, the Research Institute of America Inc., a fact-finding agency for industry, asked its members in the metalworking fields how long they could keep going if steel deliveries halted July 1 because of a work stoppage. From about 300 replies the institute reports small companies would feel strike effects first.

Nearly half of these say they'd be out of steel after eight weeks.

The real pinch may come in special types of steel.

Only half of all companies using structural shapes and heavy plate have more than eight weeks supply.

## CHANGES IN INSURANCE RATES JUNE 22

HARRISBURG (AP)—Fire insurance rate revision, both up and down, will go into effect for many Pennsylvanians June 22.

Hit hardest by the adjustments are some home owners and business establishments in Pittsburgh and Philadelphia where rates will go up 10 to 20 per cent.

Many fire insurance policyholders in other parts of the state will enjoy reduced rates.

Some Rates Reduced

Under the revisions approved Saturday by State Insurance Commissioner Francis R. Smith rates in 23 of 65 categories were reduced, 21 were increased and the rest were unchanged.

The revisions originally were sought last September by the 360 members of the Middle Department Assn. of Fire Underwriters.

Smith later held public hearings on protests filed by the cities of Philadelphia and Pittsburgh and the school district in Lower Paxton Twp., Dauphin County.

To Restudy Zones

The state's two largest cities claimed their residents and businesses were entitled to lower rates because of improved fire protection. They also contended the present system of fixing rates according to five geographical zones in Pennsylvania was arbitrary.

While dismissing the cities' protests, Smith agreed that the zone system "should be completely restudied with the objective of removing any inequities that may exist in it."

He ordered the Middle Depart-

## Governor Long Won't Cooperate

GALVESTON, Tex. (AP)—"We still can't tell what's the matter with him," a psychiatrist attending Louisiana's Gov. Earl K. Long said Sunday.

The physician, who asked not to be named, said Long steadfastly refused to cooperate with doctors seeking to diagnose his illness.

On petition of his wife, a court order for holding the 63-year-old governor in protective custody was issued last week. A sanity hearing is set for next Saturday.

Long is a patient in the psychiatric clinic at John Sealy Hospital. He was flown here May 30.

## CHURCH CAMP CANCELLED BY RACE THREATS

LEESBURG, Fla. (AP)—There will be no summer camps at Weekiwachee for some 100 Presbyterian boys because of threats of violence if Negroes were included, a church leader has announced.

The Rev. Terrell K. Kirk, pastor of the Leesburg Presbyterian church and camp director, said the threats came from persons in Hernando County, where the camps are located.

One camp was to operate for white children with the other open to "qualified boys 11 to 14 from any of our churches," said Kirk.

"No individuals were specifically threatened," Kirk said, "but members received word of the threats through residents of the Brooksville area" in Hernando County, on the Gulf of Mexico north of Tampa.

The presbytery is St. John's, one of five in Florida. It includes churches of the Sebring, Sanford, Deland, Daytona Beach and Orlando areas.

One Orlando member is the Washington Shores church, a Negro church.

We felt that it was only right and proper that young people from all of our churches should be allowed to attend the youth camp," said Kirk.

A decision to cancel the camps came June 2 at a meeting of the presbytery in Daytona Beach.

ment to make the study and submit results at the earliest opportunity.

Smith also rejected the Lower Paxton School District's contention that a separate classification should be established for public school buildings.

The school district had argued that although the new rates were 10 per cent lower for all schools or ordinary construction and 25 per cent lower for fire resistive schools, further decreases would be in order if public schools were not considered in the same classification with colleges and other schools.

While furniture and dwelling insurance rates in communities outside Philadelphia and Allegheny counties generally were down, a 10 per cent rise in hotel and club rates is statewide.

Also applicable throughout the state are boosts on bridges, piers and wharves, 20 per cent; coal mines, 20 per cent; glass products, 35 per cent; paper and pulp products, 25 per cent.

Decreases included banks and office buildings, 25 per cent; garages, 25 per cent; hospitals, 25 per cent; schools and colleges 10 per cent; builder's risks, 15 per cent, and oil distribution, 10 per cent.

## ALUMNI VOTE INCREASE IN SENIOR LOANS

The Alumni Council of Gettysburg College met Saturday morning in Brua auditorium. William H. B. Stevens, Harrisburg, a graduate in the class of 1926 and retiring alumni association president, presided. He expressed his appreciation to those who assisted him during his three-year tenure. "It's been a grand experience, an honor and I enjoyed serving you," Stevens said.

Orville B. Orner, '32, chairman of the alumni clubs committee, reported that three new clubs were organized in the past year bringing the total number of clubs to 34. The new organizations are in western Pennsylvania, Lebanon County and Greater Boston.

The council voted to increase alumni scholarship loans to seniors from \$400 to \$600. Lavern H. Brenne-  
man, '36, incoming president and chairman of the loyalty fund drive, reported that an abbreviated campaign in 1963 brought in \$43,000. Soliciting was restricted in anticipation of the college's current capital funds drive for a \$5 million in five years.

### Better Bulletin

Dr. Harold A. Dunkelberger, '36, assistant to the college president for alumni affairs, expressed his appreciation for help given him by the association officers, the alumni constituency and the alumni office staff at the college. He said the 9,000 alumni are being reached through a better alumni bulletin, but he appealed for even better communication and more recognition for those alumni who have served the college faithfully and well.

Other reports were heard from the treasurer, Robert D. Hanson, '39, and committee chairmen: Alumni days, Paul E. Stein, '30; finance, Charles W. Diehl, Jr., '29; medal, E. Raymond Baublitz, '25; public relations, Davilla C. Shirk, '27; secondary schools, Charles R. Wolfe, '23, and undergraduate activities, Frederick S. Weiser, '37.

### ROTC Heads Assist

Gen. Doleman was assisted by Col. Robert M. Beechiner Jr. and Lt. Col. Martin F. Peters, commanders of the Gettysburg College Army and Air Force ROTC detachments, respectively.

Col. Beechiner introduced Gen. Doleman as a "distinguished soldier and scholar, assistant commandant of the Army's highest educational institution." The latter told the young troops, "This day is a significant milestone in your lives.

"You are upon the threshold of a new world. You will become the actors on the stage rather than the audience. The commission you are about to receive is a charge on your future. With the oath you are about to take, you will pledge to defend our heritage and our way of life.

## FRANCE FACES QUARREL OVER AID TO SCHOOLS

By ANDREAS FREUND  
PARIS (AP) — Premier Michel Debre's government is sailing head-on into the troubled seas of the "school question" — a quarrel over aid to Catholic schools.

No traditional argument in France runs deeper. Promising political careers have been slowed up in the fighting and governments have been toppled.

No such grim prospect seems in store for Debre, who is delicately maneuvering toward another compromise. He has proposed a nonpartisan commission to review all possible solutions.

May Be Months  
It may be months before the issue comes to a head in the National Assembly. But it will be a spluttering time until Debre finds a way out of the present situation.

The problem sharply divides left and right in the Assembly. The left says education belongs only in the hands of the state. The right favors state aid to Catholic schools.

Under the present law some subsidies go to Catholic teachers. However this provides very little money for the Catholic schools that dot France.

The problem arises because this law was adopted by a National Assembly that was middle-of-the-road. But the elections that

brought Debre to power installed a rightist majority.

The rightist lobbies, including some of Debre's own Gaullist party members, immediately began agitation to get a new school bill giving more aid to church schools and teachers.

But this poses another problem for Debre. Everyone recognizes that the last Assembly elections were won by candidates campaigning with the name of President Charles de Gaulle. The school question was a side issue in the battle over France's future form of government and a settlement in Algeria. In this situation, the left took a beating for various reasons.

De Gaulle is now, however, concerned with keeping the left — apart from the Communists — as a responsible opposition.

But if the school issue boils up the Socialists will be pushed into an alliance with the Communists. Furthermore, the left will probably come back some day. Then it might react angrily against any rightist school bill that had been passed over its opposition.

LONDON (AP) — Soviet Premier Nikita Khrushchev arrived back in Moscow Saturday from a 12-day visit to Albania and Hungary.

The Soviet news agency Tass reported the foreign diplomatic colony in Moscow turned out in force to greet him.

He spent two days in Budapest conferring with Communist leaders on his way home from a 10-day tour of the Soviet satellite on the Adriatic. His stopover here was marked by usual silence on his part.

## MINER KILLED, TRUCKER SHOT STRIKE FIELDS

HAZARD, Ky. (AP) — A coal miner was killed and a nonunion truck driver wounded Friday in two separate shooting incidents in eastern Kentucky's strike-torn coal fields.

The miner, Bobby Jenkins Jr., 25, was shot by a state trooper attempting to arrest him for shooting at another nonunion trucker.

The killing was the third in the bitter strike over United Mine Workers demands for a 1959 contract.

Earlier Friday several hundred sniper bullets whistled from the hills at nearby Sassafras into a group of about 15 truckers unloading at the nonunion Joe Romeo coal ramp.

Wounded twice was Chester Blair, 20. He was taken to a Hazard hospital, where he was reported in good condition.

4 Start Shooting  
The fatal shooting happened two miles west of Sassafras near the Kodak Coal Co. in Perry County.

State police said four men began shooting at nonunion trucker James Maggard when he parked his coal truck at a grocery store at Kodak.

Maggard's truck tires were shot out, and when he went into the store, officers said, five or six shots were fired into the building. No one was hit.

Maggard was hauling coal to the Kodak firm, operated by Stamper Collins, a leader in resistance of about 700 operators to union's demands.

Collins said he and his employees blocked the road so the snipers who shot at Maggard could not get away, then called state police.

Wounded Fatally  
Police said when two troopers approached the group Jenkins fired one pistol shot at them, then turned and ran for the hills.

They chased him, they said, and Jenkins fired five more shots at them from the darkened hillside. One of the officers fired back at the pistol flashes and Jenkins was wounded fatally.

State police would not disclose the name of the trooper.

Two others in the group fled, officers said, and the fourth was arrested. He was identified as Columbus Haddix, 42, a UMW member who lives at Kodak.

He was arrested on a warrant charging shooting with intent to kill.

The 12-week-old strike has been plagued with almost daily outbreaks of gunfire plus numerous dynamiting of nonunion coal operations.

The UMW contract calls for a \$2 daily pay raise to \$24.25 and prohibits union operators from handling nonunion-mined coal.

## Must Stop Segregation In "Reasonable Time"

ATLANTA (AP)—Atlanta school officials have been ordered to stop operating segregated public schools and to present a plan for integration within a reasonable time.

The U.S. District Court ruling Friday said segregated schools are illegal but it did not set a specific date for the end of segregation in Georgia's largest school system.

Judge Frank A. Hooper indicated that any final order would not mean integration next September in Atlanta, seat of the government, one of the very few states without integration at any public educational level.

The decision brought a step nearer the showdown on whether Atlanta's schools will be integrated or closed. Under state law any school ordered integrated would automatically lose state funds and could be shut down by the governor.

Hooper specifically granted an injunction sought by 10 Negro parents of 27 children asking an end to public school segregation in the city.

In a statement issued at the end of the day-long hearing, the judge said his final order would cover these three points:

1. That racial discrimination has and does exist in Atlanta's schools.  
2. That the plaintiffs would be granted an injunction prohibiting the Atlanta Board of Education from operating public schools on a segregated basis.  
3. That the Atlanta school officials would be allowed a reasonable time to submit a plan for integration.

B. D. Murphy, leading counsel for the Board of Education, said after the decision that "it's my guess the ruling will be appealed."

Other defendants declined comment.

Atlanta now has about 70,000 white pupils and 31,000 Negroes in a system enrolling about 10 percent of all the state's school-age children.

HOUSTON, Tex. (AP)—To the distinction of being the last survivor of the Confederate army, 116-year-old Walter Williams has added still another.

Now he holds higher rank than any ever achieved by his comrades at arms.

In a weekend ceremony at his bedside, a group calling itself the Confederate High Command presented the old soldier an honorary commission as a five-star general — a rank which didn't exist in Civil War days.

Donald A. Ramsey, a St. Petersburg, Fla., mining engineer, made the presentation as executive commissioner of the semi-military order.

Williams, fortified with a nip of whisky for what his doctor described as a slight chill, dozed during most of the ceremony.

There are three ways to pack fruits for freezing — dry, in sugar or in syrup.

## APPLE SPRAY LETTER SENT

Coddling moth adults are still emerging and laying eggs and earlier laid eggs are hatching and the small worms are entering apples, Frank S. Zettle, county farm agent, reminds apple growers in his apple spray information letter No. 8 mailed Saturday.

Mites are present in a few orchards but not abundant generally, Zettle says. Some red-handed leafroller larvae are still feeding.

Zettle recommends the following sprays 12 to 14 days after the last previous application. He says that they should be completed as soon as possible.

Either Guthion 25 per cent WP, 1/2 pound dilute or 1/2 pounds concentrate and Sevin 50 per cent WP, 1/2 pound dilute or 1/2 pounds concentrate or Guthion 25 per cent WP, 1/2 pound dilute or 1/2 pounds concentrate and DDT 50 per cent WP, 1 pound dilute or 3 pounds concentrate plus, as a fungicide, Captan 50 per cent WP, 1 1/2 pounds dilute or 4 1/2 pounds concentrate per 100 gallons of spray.

In a few orchards where apple scab is abundant, Zettle advises, the Captan should be held at 2

## Declares Chinese Torture Tibetans

NEW DELHI, India (AP) — The Dalai Lama said Saturday the Chinese Communists are subjecting the Tibetans "to unbearable tortures day and night" to stamp out resistance in the Himalayan kingdom.

The refugee god-king in Mussoorie, India, said he learns every day of "fresh atrocities" against his subjects.

In an apparent reference to India's delicate relations with Red China, arising from the Tibetan revolt, the Dalai Lama said he hoped "countries like India will support those on whose side lies the truth and not those who may be in possession of mere might."

SALT LAKE CITY (AP)—Someone looted police officer David Robinson's squad car while he was investigating a disturbance. They took his street guide, copy of the city traffic code and two books of traffic tickets.

pounds dilute or 6 pounds concentrate. He also suggests that the use of Karathane for mildew control be continued in problem orchards.

Caution is urged to prevent contamination of streams, ponds or water supplies with spray materials.

## RED ISSUES NEW THREAT

BERLIN (AP) — An East German Communist official Saturday warned that West Berlin may be blockaded temporarily if the West German presidential election is held in the city.

The veiled threat came from Gerhart Eisler, who formerly lived in the United States and is now a top East German propaganda official.

Writing in the Communist Berliner Zeitung, Eisler said East German workers had told him that if West German plans are not cancelled "then we shouldn't allow a single transport into West Berlin as long as the Bundestag meets in West Berlin."

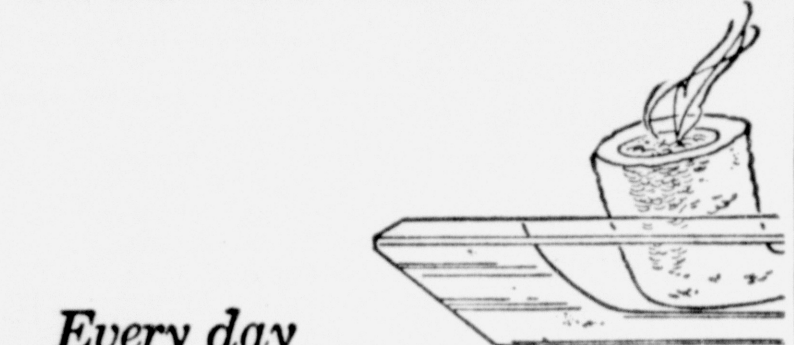

The Bundestag—the lower house of the West German Parliament—has been planning to convene July 1 in West Berlin as part of the federal Assembly to elect a successor to President Theodor Heuss.

The West German government, whose seat is in Bonn, had intended the meeting as a symbolic demonstration that Berlin is still regarded as the capital of all Germany.

## QUADS' FATHER FACES TANGLE OVER MARRIAGE

EAST ORANGE, N.J. (AP) — Ciro Bravata's quadruplets and their mother are doing fine in East Orange General Hospital.

But the proud papa admits "I've got troubles" — another family in New York City.

Bravata became the father of a girl and three boys Saturday. Sunday he admitted he was married to another woman and had two children by her.

**Wife Under Sedation**  
"Oh, he's a fine one," moaned Bravata's wife, Grace, 38, as she lay in bed under sedation after hearing of the quads.

But Bravata, 39, a railroad freight conductor, said the quads' mother, Louise Strohlein Bravata, knew all along he was married. "Louise couldn't be happier," Bravata said.

**Lawyer Has Case**  
As for Grace: "I have no desire to talk to her. I never did. She's been giving me a hard time since the first day I married her."

Bravata said his lawyer, Herman Caponi of New York, "has got the case."

Caponi said Bravata and the mother of the quads had never been married, that legal action the wife Grace had started never had been put on a court calendar and never "brought to termination."

The only thing legal about the separation, Caponi said, "is that it's mutual."

**Legal Tangle**  
However, Caponi said that under a court order, Bravata was required to pay \$40 monthly in support of Grace and their two children, a girl and boy, now 13 and 12 years old.

Grace at her home in Hollis, Queens, New York City, said her husband's support payments had been an on-again-off-again thing and that he owes her \$900.

"I suppose he's proud of himself with his picture in the paper, grinning with that other woman," she said.

Bravata, who makes \$115 a week as freight conductor of the Pennsylvania Railroad, and Louise have been living here for more than two years in a five-room apartment.

He will be 40 years old on Father's day.

## REV. JOHNSON

(Continued From Page 1)

wise, making the most of time. Purpose, performance and people comprised the former Lutheran pastor's theme.

**Time As Framework**  
"I want you to think of time as the framework in which all of us are living. All of our days are lived under the tyranny of time. Time dominates our world. There is a mystery about time that has fascinated the world's best thinkers.

"Let us start with a desire which we all should share as expressed in the words of St. Paul, to make the most of our time. We all admit that it is our God-given duty. Time is a precious gift of God. It is a gift because no one can create it or buy it. It is precious because it is laden with tremendous power and possibilities," said the Rev. Mr. Johnson, who attended Gettysburg College with the Class of 1931.

"The first thing one sees as he looks into the frame of time is the need for a sense of purpose or a direction for living. There are times when I am haunted by the purposeless living of so many lives; people trying to escape from their sense of futility and boredom by way of drink or drugs or excitement of one sort or another. They do not want to be bad; they are merely drifting with the tides of selfishness, trying to satisfy their unsatisfied, wandering wants," Pastor Johnson declared.

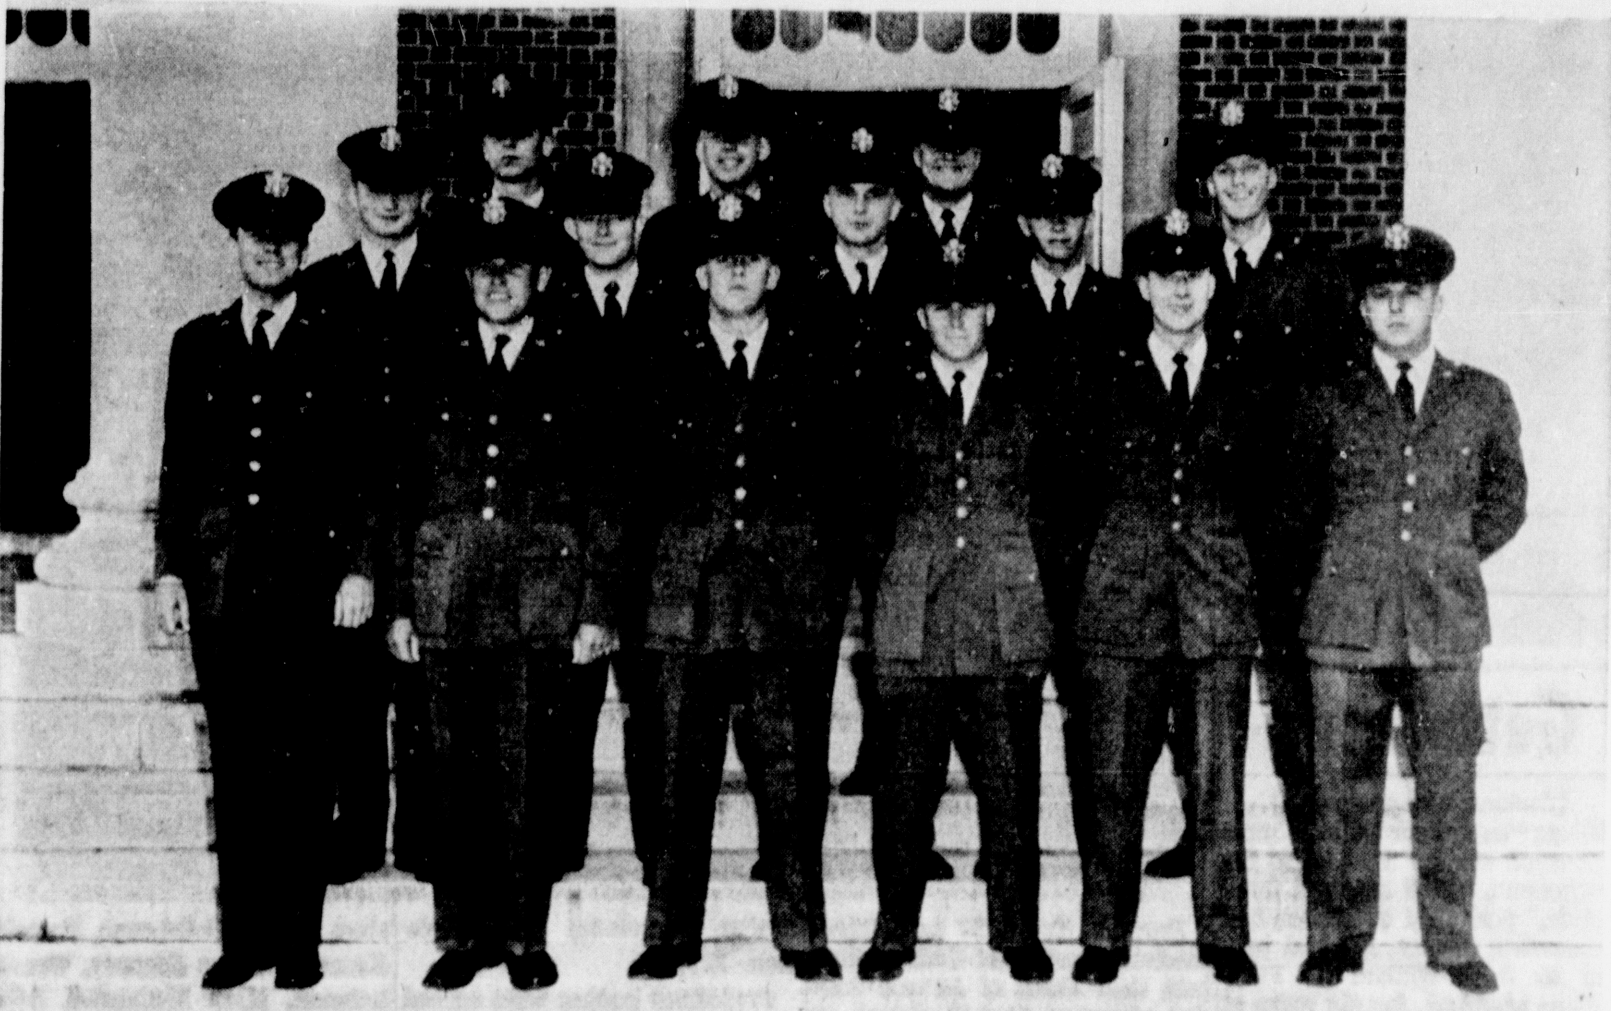

**Purposeless Drifting**  
"The trouble is that when men and women are drifting with no central idea of living and no compelling purpose, they easily become the victims of any wind of doctrine that happens to blow. The terrible rise of the Nazi hegemony, the march of the Fascist faith and the triumphant creed of the Communists were possible because they filled a vacuum in the minds of men.

"It is this committal of life to something outside of life itself which must take possession of us today. We may take our choice, blundering through life like drunken beggars or toiling purposefully as instruments of God. One choice ends in personal triumph and social redemption.

"Look at the life of Christ. He had a purpose which possessed His whole nature and in which every power he had was awakened and used. 'My mission is to do the will of Him who sent me, and to accomplish His work.' Not alibi, but action in His spirit, is our need. Make the most of your time as instruments of the will of God, not as instruments of self-interest," the minister enjoined the assemblage of 1,200 persons.

**Not Mere Existence**  
"We need to take another look at life in time and see what kind of performance we are giving to life. I am firmly convinced that all of us could stand more firmly, walk more steadily, think more clearly, work more diligently

## Says Jaundice Is Increasing In Pa.

HARRISBURG (AP)—Infectious hepatitis (yellow jaundice) has been three times as prevalent in Pennsylvania this year as last, the State Health Department reported today.

Dr. Charles L. Wilbar, health secretary, said 420 cases have been reported in the state so far this year compared with 155 for the same period last year.

The trend has been similar throughout the nation, Wilbar said. Counties with the greatest number of cases reported so far are: Allegheny, 18; Bucks, 54; Chester, 21; Delaware, 36; Lancaster, 15; Mercer, 17; Montgomery, 44; Philadelphia, 170. Buck County's rate of 19.39 per 100,000 persons is the highest in the state.

## Sure Is Dark On Liberty Island Now

NEW YORK (AP)—Freedom's light is burning bright from the Statue of Liberty on Liberty Island. But it sure is dark on the rest of the island.

Power has been out to most of the tiny, 12-acre island in New York harbor since early Saturday when a submarine cable from New Jersey was cut.

There are 12 residents on the island. They take care of the statue for the National Park Service. "All the homeowners are using candles," said Mrs. Noel Foster, wife of the island's superintendent.

and endure more patiently.

"In Jesus we find what someone has described as the 'maximum life.' It is impossible to find any satisfied minimum of self-giving in the life of Jesus. He lived only 33 years, yet such was the quality of His life that He has changed the course of history.

"Life is not mere existence. Life is measured by interests, by sympathies, by width and height and depth. We must take time to live with our friends and loved ones and appreciate what it is that they want from life.

"After all, life is the only thing that we have to do business with. And the question of what you and I are doing with our lives is a tremendously sobering question.

"My closing thought is a prayer that all of you, members of this class of 1959, may live faithfully, fruitfully, fearlessly in the fellowship of that life that is in Christ Who came that you might have the abundant life," the Rev. Mr. Johnson concluded.

## NEW BUILDINGS

(Continued From Page 1)  
be raised and they must be given other fringe benefits in order to compete with other colleges in our grouping. Our problem is to try to hire a \$15,000 professor for \$7,500.

**Space Age Courses**  
"Our curriculum is improved. We now offer new mathematics courses for the space age. We have new English courses, a course in nuclear physics, and intermediate Russian. Professor Prabakhar Akolekar, a native of India, will teach a Southeast Asia course which we hope will expand into a full program.

"But despite this, the college is weak in international affairs. It is vital that students have knowledge of the Chinese-Soviet empire and other significant world areas," Paul stated.

He laid considerable stress on the proposition that contemporary ideological world warfare is going to be won with ideas, not bullets. The ideas, he said, must come from those who have studied these countries for the enlightenment of the American people.

**Students Do "Splendid Job"**  
Reporting on student affairs, Paul said the student senate and honor commission have done a job of abolishing the cut system. Each student will be personally responsible for his presence in class.

Any excused absences except for emergencies will be dependent on the quality of the student's work. Next fall about 1,600 students will attend Gettysburg College. The freshman class, Paul noted, is "very promising." Some 200 men will live in the community.

"I am in favor of this. It helps the town, and it helps us. We have no intention that all students must live on the campus," Paul made clear.

Turning to the college's current capital funds campaign to raise \$5 million in five years, Paul classified \$4 million for plant and equipment and \$1 million for faculty raises and endowment improvement.

"Our special leadership gifts campaign so far has brought in \$430,000. This is a good start but not enough. The Central Pennsylvania synod of the United Lutheran Church in America has written into their budget for \$700,000. The Maryland synod has tabled an appropriation for a year of study. The Adams County campaign begins June 9. Other area campaigns will be held in the fall. I'm optimistic about the fund campaign and I'm convinced that the loyalty of Gettysburgians is unsurpassed," Paul said.

**Concern For Personnel**  
The college official reported on

## Elderly Couple Is Found Dead; Message Of Despair

ST. LOUIS (AP) — An elderly man and his wife were found dead in bed in their second floor apartment Sunday. They left behind a message of despair.

The way in which Joseph M. Palmisano, 65, and his wife Sabina, 63, died was a mystery. No marks of violence were found. Several bottles of medicine found near them were being analyzed.

A note written by Mrs. Palmisano indicated they had not been able to afford moving into a home for the aged.

**"Coward's Way Out"**  
"This is a coward's way out, but better this way than to be a burden," it read in part.

"We tried to get in a home, \$4,800 a year. When we heard the cost we knew there was no other way out.

**Pray For Forgiveness**  
"What are people like Joe and I to do?"  
"Why don't you think of the sick and aged? I do not have a single relation and no one cares what becomes of us. Please, for God's sake, try and help the sick and aged."

She mentioned the family doctor, her husband's brother, Thomas Palmisano, 58, and a man identified only as John E. Smith as the only ones who had treated them kindly.

I pray God will forgive us for taking this way out," the note ended.

Recent actions of the board of trustees. A group life insurance plan, a comprehensive medical plan and a total disability program were implemented. "It indicates the great concern the board has for the personnel who are the college," Paul stated.

The board promoted Dr. Robert L. Bloom and Dr. Richard T. Mara to full professor. The former will be head of the history department and the latter physics head. Other board actions were approval of raising the old Kappa Delta Rho house to make parking space available adjacent to the dining hall, approval of plans for the new infirmary, authorization for a landscape architect to make a master plan, and authorization for erection of a new Phi Kappa Psi house on the campus.

"A burning question at Gettysburg is, what kind of a college do we wish? Do we want to change? I personally believe in the liberal arts education. But whatever we do must be done well. And key decisions must be made in the next few years," Paul concluded.

## N. Y. BEATNIKS HAVE TROUBLE WITH POLICE

NEW YORK (AP) — The embattled Beatniks of Greenwich Village want to co-exist, like, but the fuzz doesn't dig them and is trying to down them.

This means the bearded young men who read their poetry in Greenwich Village coffee houses are having their troubles with the police.

The difficulty boils down to this: is it art or is it entertainment when a Beatnik reads his poetry aloud in a coffee house?

To the police department, it is a simple matter of law. It is illegal to provide entertainment without a cabaret license.

The proprietors of several coffee houses where poetry readings are pulling in tourist and native trade are protesting.

The Beatniks, natch, are backing them up.

William Morris, a poet and painter who has had exhibitions and readings at Yale University, minces no words.

"Until now," he says, "poetry hasn't been considered a crime. This is absolutely ridiculous."

## Recovers Body Of Drowned Daughter

BOULDER, Colo. (AP) — When 10-year-old Joyce Watkins fell into the churning waters of South Boulder Creek Sunday, her father rushed to a nearby road and commandeered a car.

Earl Watkins and the motorist raced downstream.

A hile down, they stopped and Watkins waded into the chill waters, frantically looking. He rushed back to the car, and again they took up the chase.

Stopping three miles downstream, Watkins again rushed into the stream. There in waist-deep water he caught at an object that surged by. It was his daughter. She was dead.

The family had been on a picnic. The father is a Denver truck driver. The motorist who helped him was not identified.

berger, college alumni secretary, to John A. Apple, Harry H. Beideman, Clyde E. Gerberich Sr., Ralph W. Hoch, Frederick R. Seibel, Prof. William D. Hartshorne Jr., Dr. William C. Waltemyer and Dr. John B. Zinn. The latter three are professors retiring this year. Dunkelberger read posthumous citations recognizing the "valuable services" of the late C. Paul Cessna, former alumni secretary, and the late Dr. Robert Fortenbaugh, former head of the history department.

The class of 1909 presented \$5,000 to the college. The 1917 class gave \$4,000 to sponsor a new dormitory room.

The graduating class of 1959 presented \$432 for the advancement of faculty salaries.

## Called A Challenge

One 1909 class member called their gift "a challenge to all fifty year reunion classes in the future." A statement signed by Lloyd Van Doren, president of the class, accompanied the check as follows: "President Paul, the class of 1909 on the occasion of the 50th anniversary of its graduation from Gettysburg College presents to the college through you its foundation fund of \$5,000 to become a part of the permanent endowment fund of the college. 'The income from this fund shall be used for awards in the department of chemistry in accord with specifications to be prescribed by the class.'"

Plaques for the greatest percentage of participation in the college loyalty fund drive went to the Chicago, Delaware, Baltimore and Philadelphia clubs. Each was in a separate membership size division.

At the speaker's table, most of them with their wives, were: John S. Rice, chairman of the college board of trustees; W. S. Paul, college president; Dr. Henry W. A. Hanson, president emeritus; Lavern H. Breneman, incoming Alumni Association president; William H. B. Stevens, retiring association president; Dr. Harold Dunkelberger, Paul E. Stein, chairman, Alumni Days committee; E. Raymond Baublit; John Foster, chairman, nominating committee; Dr. Waltemyer; Dr. Zinn and Prof. Hartshorne.

Receptions for each of the retiring professors were held during the day. Each was presented gifts from friends and colleagues.

Saturday evening dinners sponsored by reunion classes were held in restaurants and dining rooms throughout this area. A dinner for non-reunion alumni was served in the college dining hall. President Paul gave the traditional president's dance and reception Saturday night in Plank gymnasium.

TRY AGAIN TO  
SAVE SLAYER

LINCOLN, Neb. (AP) — Mass killer Charles Starkweather, 20, faces his fourth scheduled date with the executioner Friday. But the admitted slayer of 11 won't die if his father can halt it via the courts.

Guy Starkweather, instrumental in keeping his son from the electric chair last May 22, hopes this week to get the Lancaster District Court to grant a writ of habeas corpus, delaying the execution again.

He also sought help from the U.S. Supreme Court, but a spokesman said a telegram and a letter from Guy, in their present form, weren't sufficient for a review.

The bandy-legged killer doesn't claim he's innocent, but as he told the Nebraska Parole Board recently: "I honestly believe if I was represented right by attorneys in District Court I would have gotten life."

Starkweather was ordered to pay with his life for the slaying of Robert Jensen, Bennet, Neb., schoolboy, during a murder rampage that took 10 lives in January 1958. He also admitted shooting a filling station attendant in December 1957.

College "one of our nation's most important assets." He praised the institution's "solid spiritual foundation," pursuit of excellence and outstanding faculty. He paid tribute to Gen. William S. Paul, college president, for his years of dedicated service as educator, public administrator and military commander.

"I am deeply indebted to the college for making it possible for me to become an honorary member of an academic community that is so highly respected by all who are acquainted with the field of higher education," Flemming said, referring to the honorary Doctor of Laws the college granted him during the exercises.

## Annual Processional

The ceremony opened with Bach's "Prelude and Fugue in F" followed by the processional march and national anthem played by Miss Lois Kadel, organist. The seniors and faculty, wearing the traditional black academic gowns with hoods of varying colors, presented a striking picture as the double-filed procession wended its way from 70-year-old Glatfelter Hall to the Student Union building, still under construction. Dr. Kenneth L. Smoke, head of the psychology department, was the marshal.

Rev. Dr. Harold A. Dunkelberger, acting college chaplain, pronounced the invocation. The familiar hymn "Blessing and Honor" preceded Sec. Flemming's address. General Paul, college president, who introduced Flemming, also saluted the new graduates. His good wishes for them, Paul said, accompanied a farewell as undergraduates but a welcome as alumni. "You and the 1959 graduates across the country will shape the destiny of the nation in the 20th century," he predicted.

Pres. Paul conferred 333 Bachelor of Arts and Bachelor of Science degrees, and seven honorary degrees as follows: Doctor of Divinity to the Rev. Warren C. Johnson, New York City, staff secretary, Board of Foreign Missions in America; the Rev. Paul H. Smith, Baltimore; and the Rev. Arthur Yeagy, Harrisburg.

Doctor of Letters to Thomas H. Ford, retired superintendent of Reading schools. Doctor of Laws to Sec. Flemming; Judge Hiram H. Keiler, Doylestown; and Henry Endress, New York City, stewardship director, ULCA. Singing of the alma mater, the benediction by the Rev. Herman Stuepfle Jr., pastor of Christ Lutheran church, Gettysburg, and the recessional march closed the picturesque and stirring ceremony.

Watching Hubby  
Mow Lawn; Killed  
By Mower Blade

COLLEGEVILLE, Pa. (AP) — Mrs. Leah Keely, 32, sat on the porch of the Keely home Sunday watching her husband cut the grass with a power lawn mower. Keely tilted the mower to get it over a section of pipe. The high speed blade didn't quite clear the pipe and broke off. A section flew up and severed Mrs. Keely's jugular vein. She died a few minutes later.

STEEL TALKS  
ARE RESUMED

NEW YORK (AP)—Contract negotiations in the basic steel industry resume today after being in recess since Friday.

There was no indication during the weekend of any change in the deadlock between the United Steelworkers of America and the 12 largest steel companies.

The talks have been held on and off since May 5.

The current three-year contract expires June 30. If no agreement is reached by then, 500,000 union members will almost certainly strike in plants that make 90 per cent of the nation's steel.

The union has demanded a substantial wage increase, reduction of the 40-hour work week and other benefits. The amount of the wage demand has not been specified, at least publicly. Basic current wages average \$3.03 an hour.

The industry has called for a one-year freeze on wages and other benefits, as a move against inflation.

## DISCOVERY OF OLD BOMBER RAISES HOPE FOR CREWMAN

HARRISBURG (AP)—The startling discovery of a World War II bomber in an African desert has revived memories, but not hope, for the father of one of the plane's crewmen.

"You don't want to give up," said Guy Shelley. "But you know there isn't a chance. Not after 16 years."

What became of Shelley's son, Staff Sgt. Guy E. Shelley, and eight other crewmen has mystified military authorities.

Almost Undamaged  
The B-24 Liberator, listed as missing following a bombing mission in April 1943, was discovered last week deep in the empty vastness of Libya's desert.

The craft was almost undamaged. Most of its equipment was untouched. But no trace of the crew was found.

The elder Shelley, a retired New Cumberland contractor, said here Saturday night that newspaper accounts of the discovery of the plane were the first word he had since his son was listed as missing.

"There was no other world," he said. "There wasn't any comfort at all."

**FHA GIRLS AT PSU**  
UNIVERSITY PARK, Pa. (AP)—More than a thousand high school girls came here today for the opening of the 14th annual, three-day conference of the Pennsylvania Future Homemakers of America.

Miss Gail Ann Wyman, state FHA president from Warren High School, will preside at the five general sessions. Officers will be elected Tuesday.

## Rice Will Head Registration Drive

HARRISBURG (AP)—The statewide Democratic registration drive for the November elections will be headed by John S. Rice, secretary of the Commonwealth.

He was named Saturday by Joseph M. Barr, state Democratic chairman. His job will be to cut down the 107,827 registration lead held by the Republicans.

Mrs. Grace Sloan, Clarion, president of the Pennsylvania Federation of Democratic Women, was named vice chairman.

## TAX MUDDLE IN BACK SEAT FOR PRESENT

HARRISBURG (AP)—Gov. Lawrence's 210 million dollar program of new taxes takes a back seat today, at least temporarily, as the General Assembly reconvenes.

Rep. Stephen McCann, Democratic leader in the House, said no new action on taxes is planned this week. He expressed confidence, however, that the muddled tax situation will be resolved by the end of July.

The Democratic majority in the House lost a bid last week to push through three of the tax measures Lawrence says he needs to finance his record budget for the 1959-61 biennium.

**Calls On GOP**  
The defeat prompted House Speaker H. G. Andrews to issue a call to Republicans over the weekend to settle "this fuss and muddle."

"Republicans in the House and Senate will have to agree among themselves on the amount of taxes to authorize," the Cambria County Democrat declared.

The Republican leadership rejected the challenge.

"It can't be up to the Republicans, it's their (Democrats') responsibility," said Sen. James S. Berger, GOP leader in the Senate.

### Effective Veto Power

Andrews complained that the slim Democratic majority in the House (108-101) and the Republican majority in the Senate gives the GOP "a veto power that is quite as effective as the governor's."

Berger said, however, that the Republicans will hold to their point: budget studies are completed, possibly next week.

"We hope to diminish the need for taxes," the Potter County Republican said.

Berger also said that the extension of the 3½ per cent sales tax to services may bring in more than the administration estimated.

"I don't think anybody has a definite idea what the tax on services is going to bring," he added.

## Ed Creagh Tells How He Covers The White House

By ED CREAGH  
WASHINGTON (AP)—Had a letter from a journalism student the other day. He'd seen my name over a story about President Eisenhower, and wondered how a man goes about covering the White House. I wish I could tell him. I've been trying to find out since 1947.

All you really need is the strength of a lion, an encyclopedia in your brain, an endless capacity for boredom, and a family that is used to getting along without you.

It helps if you have a talent for missing meals, battling small-town cops, passing up cocktail parties, hopping off moving trains, and—when necessary—clawing press secretaries.

**Cites Arrowsmith**  
Mervin L. Arrowsmith, who regularly covers the White House for The Associated Press, comes as close as anybody I know to meeting all these requirements. The rest of us occasionally fall by the wayside.

I'll never live down that time I missed a presidential press plane in Chicago.

One part of the White House beat consists in growing bunions on your spine from sitting around the lobby. Now and then you buttonhole callers from such exciting groups as the Save the Chipmunks Federation. Or you get a thriller-diller of a report on corn pone production since 1903.

### Go On The Road, Too

You never relax. There's always a big story coming, and often when you least expect it. Then you sprint for your telephone, politely bashing in some other reporter's ribs with your elbow.

That's the time when you wish

Then there was the time in Mexico when your correspondent discovered the only mud puddle in a drought-stricken province and sank himself up to the knees in it.

Or the time we followed Harry Truman down the Potomac in a World War I sub-chaser with ice floes chasing us and no toilet facilities aboard.

It's a great life if you can stand it. Anybody who can should be selected immediately to be the first human being to be launched into space.

## THURBER WIT APPEARS ON TV TONIGHT

By CHARLES MERCER

NEW YORK (AP)—A bit of the wonderful world of James Thurber, which is peopled by bewildered men, pragmatic women and thinking dogs, appears on television tonight in "Christabel."

The comedy on Goodyear Theater (NBC-TV, 9:30 p.m., EDT) written by Melville Shavelson and based on several Thurber stories, may grow next season into a TV comedy series called "The Secret Life of James Thurber."

Talk with Thurber for an hour and you find that at the age of 64 he does not seem in the least bewildered nor especially pragmatic, but he is thinking. Probably that's why he likes dogs—especially poodles, like Christabel. They're always thinking.

**Modern Grimness Explained**  
Thinking over the question of why scarcely any young men are writing humorously these days and leaving the field to their elders (Thurber, S. J. Perelman, Ogden Nash, E. B. White), Thurber said:

"There was a gaiety in the 1920's, when we all started writing, that seems lacking today. I know a woman psychiatrist who has a theory on the lack of humorous young writers these days. She points out that they grew up in the depression hearing their fathers say, 'We're ruined.' Then they got knocked by the second World War. I suppose it's no wonder they say, 'Life is grim.'"

### He's Blind Now

It set Thurber to thinking of the growing ages of old friends who

gathered at a party recently to celebrate the publication of his new and thoroughly delightful book, "The Years with Ross," the story of Harold Ross, late editor of the New Yorker.

Although completely blind now, Thurber continues to be a productive writer. This summer he hopes to complete 20,000-word satire tentatively entitled "The Gawk" and to have a play based on the life of Harold Ross ready for Broadway production next season.

Thurber dictates—or, as he says, "recites" his work. He enjoys television and the theater, with his wife describing actions.

Despondent and nervous since the death of his wife two weeks ago, Kordash had stayed with various neighbors at night.

**Asked Help In Search**  
Claude Inman, 68, and Charles Hermis, 55, were slain in a woodlot about eight miles southeast of Macon.

Sheriff Bloomberg told this story:

Kordash stayed Saturday night at the Denver Orbin home and left there at 5:30 a.m. Sunday, refusing breakfast.

He went to Inman's home and asked for help in finding a cow he said was lost in the woods.

Inman and his brother-in-law, Forrest Vansickle, 70, went to the area with Kordash. There Kordash pulled out a .32-caliber revolver, aimed at Vansickle and pulled the trigger.

**Gun Missed Fire**  
The weapon didn't fire. The two men started running while Kordash fumbled with the gun.

"He shot at me first—I heard the bullet whizz past my ear," Vansickle said. "Then there was another shot and I heard Inman scream. There were three more shots."

Kordash went to the Hermis farm and asked for help in finding the cow. Hermis went with him and was shot near where Inman lay dead.
